

The tamper-proof  
alternative to plastic seals !

### flexiGrip™ Series

#### The most tamper-resistant cable seals on the market !

- Highly resistant, **truly irreversible** steel locking mechanism
- **1.5 mm** diameter high-quality steel cable, will fray when cut
- **Unique** tamper-proof "**Integral**" design :

Solid **multi-layer** plastic and steel construction with ultrasonic welding  
**Encapsulated** identity markings : **indelible**, clear and easy to read

**Any attempt at tampering with the markings will result in obvious destruction of the plastic envelope**

- **Full customization** for better security \*
- Barcode printing available

\* **Universeal** delivers to each large user a unique version of the flexiGrip™ 120
